

ADVANCED BREAST CANCER THEN AND NOW

MAKE YOUR
DIALOGUE
COUNT

1980s

Forty years ago, breast cancer was considered 1 disease and treatment options were limited.

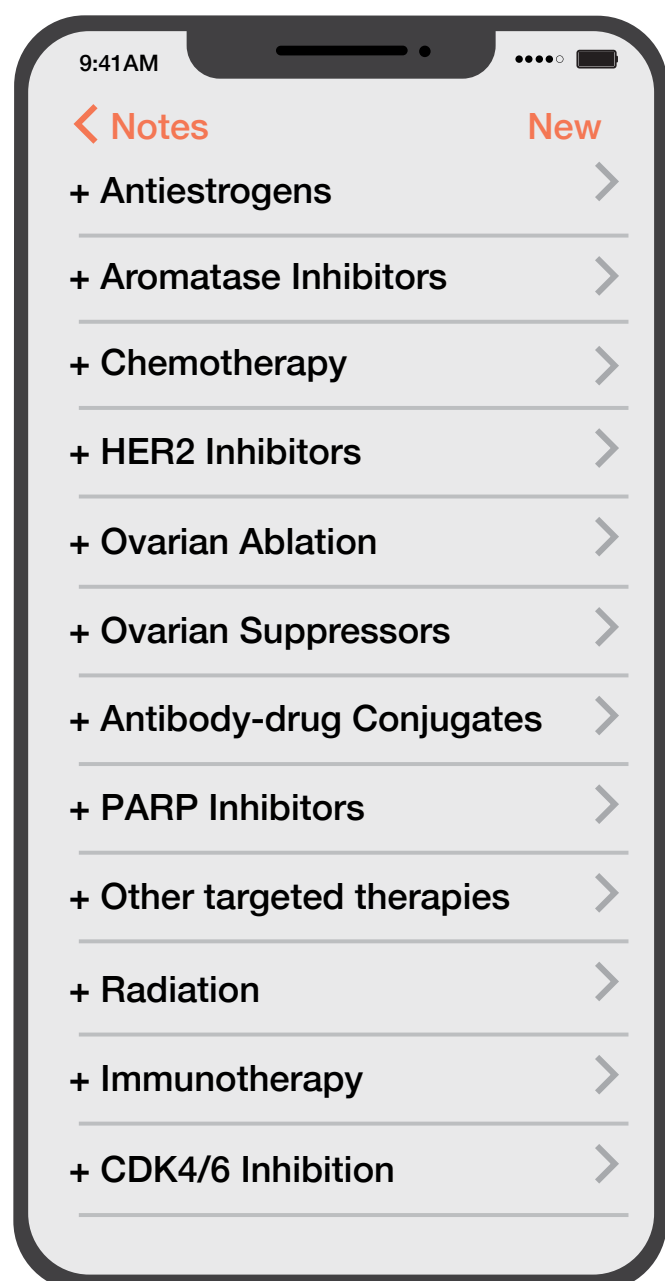

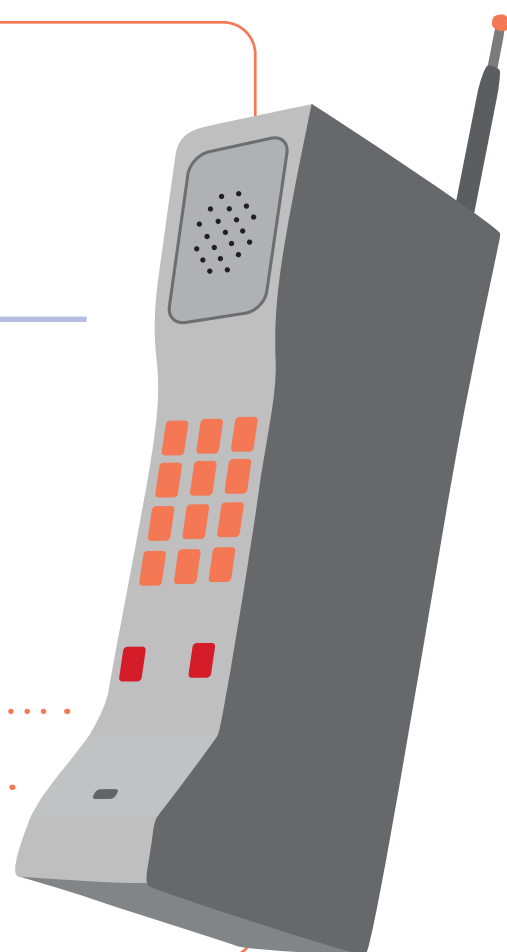

TREATMENT DIRECTORY

Chemotherapy

Radiation

Mastectomy

2020s

Today, we now know that there are many subtypes of advanced breast cancer (HR+, HER2+, triple negative, etc) as well as mutations, and treatment options are available to address specific subtypes and characteristics of the disease.
